September 6, 2002

To whom it may concern:

LETTER OF REFERENCE: Mr. Richard Laughton, President, Pollutech International Limited

I am pleased to provide a letter of reference on behalf Mr. Richard Laughton, president of Pollutech International Limited. I have worked closely with Mr. Laughton and his company in formulating decisions and projects for the environmental industry through Trade Team Canada Environment. This unique partnership which brings together industry and government, benefits from the cooperative efforts of individuals such as Mr. Laughton, who is well recognized for his expert knowledge of the environment sector. Mr. Laughton was also instrumental in establishing the Project Finance Cluster within the Environmental Industry Association (CEIA). As Chair of that cluster, he is providing valuable assistance to Canadian environmental exporters.

We recently had the opportunity to contract Mr. Laughton's services for a project to evaluate the attendance of Industry Canada and the environmental industry at the International Aid and Trade Show in New York. The high quality of the deliverable demonstrated his expert ability in the management of the project and in the selection and analysis of the data, which he gathered through assessments and interviews. His analysis represents a valuable tool for determining future participation at this and similar events by the environmental industry and ourselves.

We are pleased to recommend Mr. Laughton's services and look forward to collaborating with him and his firm in future projects.

Yours truly,

Linda L. Dunn
