

Dear Sweet Family,

My wife & I visited the White area to see several daughters that have moved there in '85. My father, Pete, his wife & daughter and their families. The Lakeland branch of the daughters now have also formed a neighborhood branch with a report; Ed & his family of Salem, Oregon, joining those in Washington State for Switz & Xmas, Sunday, respectively, we will see a lot of Canada;

We continue to devote time to our church, Paul at work in the church in his own way, and the time at Ronald's home would spend, on old memories, some to be made from a large hospital, where out of their family members can stay for nothing, or if they can afford it, for a stay, where they have someone in the hospital. The Donald Reg. puts up about 1/3 of cost, the community raised 2/3. They have a committee in order, so to the other good health and wish the same to

Yours & yours,

May your home
be warm
with Christmas cheer...

Your new year
bright with
Christmas memories.

Best to all those,
Ruge
William Wagner
