Dear Joan and Ivan;

We have been away from town for 10 days and then again for 3 days fishing and with our California friends, hence we must have missed your calls and advice about what Kelli might like for a wedding present. By this time the harsh realities of married life will be upon them and we are therefore substituting a cheque so that she can use it as she pleases. We hope that all went off smoothly and again regret that this branch of the family was not represented.

Speaking of family branches, I was turning out old files a while ago and came across this letter from Paul Laughton in Ottawa (or he was in 1971 when this was written!) I think I may have sent you a copy then, with some vague promise to him that I would comment later; but that did not come to pass. We are going on holiday to Ottawa and Washington starting Aug 18 and might try to contact Paul if you think it would contribute to the family history.

I'm off early July for Trinidad and Mexico on business but Dee will be here and will welcome your call. All seems well with our two and Bruce's newest it gaining weight in the traditional Laughton manner. They have him in Ottawa this weeking "showing off!".

Hope our paths cross again soon.

As ever,
